

60-Watt LED Power Supply (IP67-rated)

Sealed LED driver for exterior projects

Constant voltage

Commercial Grade

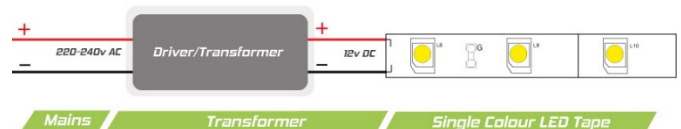

This IP67-rated 60-watt LED power supply is ideal for lighting installations that are prone to moisture. Available in a choice of 12-volt or 24-volt versions, each unit can drive up to 60W of corresponding voltage LED lighting with no minimum load.

Small enough to be installed in most locations, the moisture-proof 60-watt transformer can be used to drive either single-colour LEDs or colour-changing (RGB/RGBW) LEDs. The casing is fully sealed with hardwired connections, so it is safe to touch.

This item is RoHS compliant and conforms to all UK safety standards. Input voltage 100-240v AC. Output voltage 12v or 24v (2 models).

quick spec sheet

Product code: IN-60-12-IP / IN-60-24-IP

Physical construction

| | |
|-----------|---------|
| Colour | White |
| Materials | Plastic |
| IP Rating | IP67 |
| Length | 163 mm |
| Width | 43 mm |
| Depth | 39 mm |

Electrical

| | |
|----------------|--------------------------|
| Input voltage | 100V ~ 240V |
| Output voltage | 12V or 24V |
| Output current | 5.0A (12V) or 2.5A (24V) |
| Output wattage | 60W |
