

Slimline 30-Watt LED Power Supply

Sealed LED driver for exterior projects

Constant voltage

Commercial Grade

This 30-watt LED power supply is available in a choice of 12-volt or 24-volt models, both designed to power up to 30W of LED lighting with no minimum load.

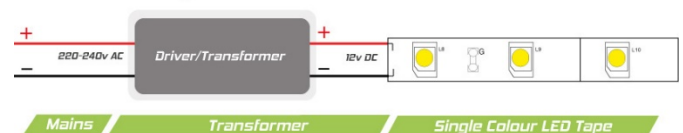

Manufactured in a unique slimline design, this is the ideal option for hard-to-fit installations, such as downlight holes, light-boxes, and retail displays that require a hidden yet accessible power source.

The unit is fully sealed with hardwired connections so it is safe to touch, and emits very little heat, making it ideal for use in confined spaces.

Input voltage 220-240v AC. Output voltage 12v or 24v.

Connection Diagram

quick spec sheet

Product code: IN-30-12-S / IN-30-24-S

Physical construction

Colour	White
Materials	Plastic
IP Rating	IP20
Length	251 mm
Width	30 mm
Depth	17 mm

Electrical

Input voltage	100V ~ 240V
Output voltage	12V or 24V
Output current	2.5A (12V) or 1.25A (24V)
Output wattage	30W
